## WU23SOC/WMSOC/WCup1 – 2026

21-25 January – Batak-BULGARIA

**Dear competitors, coaches and team officials,**

On behalf of Bulgarian Orienteering Federation, I have the honour and pleasure to welcome you with a heartfelt "Welcome" to the Ski Orienteering World Cup – Round 1, the World Ski Orienteering Championships for U23 and the World Master Ski Orienteering Championships 2026 in our beautiful country – Bulgaria.

We are truly delighted and happy to welcome you to our country, renowned for its impressive landscapes, rich history and warm hospitality.

This prestigious sporting event represents the pinnacle of athleticism, strategy and passion for ski orienteering.

These championships are not only a stage on which to demonstrate your skills, determination and sportsmanship, but also a wonderful opportunity to create new friendships and unforgettable memories. We are proud to host this major sporting event and are committed to offering you an unforgettable experience.

Our dedicated team has worked hard to prepare technical and exciting competition courses, as well as a warm and welcoming atmosphere for everyone present. Whether you are elite athletes, young competitors with great ambitions or spectators cheering and applauding from the sidelines, we are thrilled to share this incredible journey together with you.

I wish you great success in all your starts and many joyful moments, both during the competitions and beyond.

May these championships be guided by the principles of fair play, perseverance, mutual support and mutual respect among all present.

Good luck, much success and may each of you achieve your personal best – may the best win.

With warm regards!

**Krasimir Danailov – President of Bulgarian Orienteering Federation**

## WU23SOC/WMSOC/WCup1 – 2026

21-25 January – Batak-BULGARIA

### Dear athletes and coaches, guests and friends of Ski Orienteering,

On behalf of all officials and personally in my capacity as Event Director it is my great honour and pleasure to welcome you to Bulgaria, host of the Ski Orienteering World Cup – Round 1, the World Ski Orienteering Championships for U23 and the World Ski Orienteering Masters Championships 2026.

These prestigious international events are organized by Bulgarian Orienteering Federation and NSA SIVEN Orienteering Club with the support of local partners and are held in the beautiful Rhodope Mountains region – an area renowned for its magnificent nature, long-standing sporting traditions and proven experience in hosting major orienteering events.

It is a true honour and a great responsibility for us to welcome the world's ski orienteering elite – athletes and coaches from many nations, united by their passion for the sport, their pursuit of excellence and their respect for the principles of fair play. These championships are not only a highlight of the international sports calendar, but also a celebration of spirit, determination and professionalism.

We are confident that the carefully prepared courses, the excellent natural and snow conditions and the dedicated efforts of the organizers and volunteers will ensure competitions of the highest sporting level, full of exciting races, sportsmanship and unforgettable emotions.

I wish all athletes good health, successful starts and well-deserved results and to the coaches, officials and organizers satisfaction from a job well done. May your stay in Bulgaria be pleasant and filled with warm hospitality and memorable experiences that will bring you back again.

Let these World Championships and the World Cup round stand as a symbol of high sporting excellence, mutual respect and international friendship.

**Todor Pedev – Event Director**

## WU23SOC/WMSOC/WCup1 – 2026

21-25 January – Batak-BULGARIA

### PUNCHING and TIMING SYSTEM

SPORTident AIR+ contactless punching is used as electronic punching and timing system.

Every competitor in WORLD CUP will have two SIACs. Both SIACs must be carried on the same arm (wrist or finger).

The organizers will provide the Si-card for all competitors who need – 15 EUR rent for the whole championships.

To avoid interference, any GPS-watches must not be worn on the same arm!

All SIACs given by the organizers must be returned by team-leaders after the last competition. If a SIAC is lost or not returned, a fee of 75 Euro per SIAC is charged.

One SIAC is marked as "backup" with a black stripe around the red SIAC body. The "backup" SIAC is silent (no beep) and flashes only once at each control. This makes concentrating on the "primary" SIAC easy. By default, only the "primary" SIAC (no black stripe or body) is downloaded after finishing the race. The "backup" SIAC is downloaded in exceptional cases at the organizer's decision only.

In the model event, the control setup used for all competitions is demonstrated.

The punching procedure is as follows: initially, the SIAC (SPORTident Active Card) is inactive.

Before the start, first the "CLEAR" and then the "CHECK" station must be punched "in hole".

After that, the SIAC is in active = contactless mode. Athletes can confirm this by swiping past a provided "TEST" station. The SIAC (not the station!) beeps and flashes for a few seconds. If a SIAC fails to confirm the contactless punch at any control, a traditional "in hole" punch can always be made. Additionally, each control has two SI-stations (one on each side of the track).

At the finish, the time is taken when crossing the finish-line at full speed, no station needs to be punched.

Notice: crossing the finish line during the competition prematurely deactivates the SIAC!

### TERRAIN, MAPS and SNOW CONDITIONS

The terrain is moderately hilly to hilly, situated between 1600m and 1800m above sea level with spruce forests and open fields.

The average snow depth in the event terrain on 18th January is 20-30 cm.

Maps will be according to the International Specification for Ski Orienteering Maps 2019. Mapper – Georgi Hadzhimitev

All maps are A4 size (21 x 30 cm) with a 5 m contours interval.

#### Map scale:

<b>Sprint</b>	<b>1:5000</b>	<b>5 m</b>
<b>Middle</b>	<b>1:10000</b>	<b>5 m</b>
<b>Long</b>	<b>1:15000</b>	<b>5 m</b>

## WU23SOC/WMSOC/WCup1 – 2026

21-25 January – Batak-BULGARIA

### QUARANTINE AREA

All competitions in the program will be organized without quarantine.

### START

In sprint and middle distance competitions (interval start), there is a 4 minute pre-start. A start gate will not be used. The athletes receive the map 15 seconds before start. The start signal is given by sound from start clock. It starts beeping 3 seconds before actual start time and beeps 4 times – the competitor is allowed to start on last beep. There is an organizer keeping a hand on competitor's shoulder until the start moment.

In long-distance competition, there are mass start with assembly beginning 10 minutes before start. Athletes are called to the start area latest 5 minutes prior to the start time. CLEAR and CHECK of SIAC occurs at check-in to the start area. Maps are handed to the athletes between 90 and 45 seconds before the start. Athletes have to keep the map in their hand behind their back until the command "MAP" is given 15 seconds before the start signal. For the first approximately 50 meters, only double poling is allowed.

Competitors must follow the marked route from the time start to the map start triangle.

### FINISH

There is a marked route from the last control to the finish, which must be followed by finishing competitors. The competition ends for a competitor when he/she crosses the finish line. After crossing the finish line the competitor shall download the data from the SIAC chip. Competitors wearing GPS device must hand over their devices to the organizers after the finish. The map must be given to the organizers immediately after the finish or changeover unless otherwise stated by the organizers.

### TOILETS

Toilets are available at the arena and in Event office building.

### START LISTS

Start lists will be published on the homepage of the event, in IOF Eventor, and will be distributed in printed form into the teams' boxes at the event office.

### RESULTS

Provisional results will be announced and displayed at the finish area as well as online at [www.liveorienteering.com](http://www.liveorienteering.com) and <https://skio2026.eu> during the competition.

The official results will be published no more than 4 hours after the latest allowable finishing time of the last starter.

## WU23SOC/WMSOC/WCup1 – 2026

21-25 January – Batak-BULGARIA

### MAXIMUM RACING TIME

Every race has maximum skiing time:

- Sprint, 90 minutes for women and men
- Middle and Long distance, 3 hours for women and men

### ABANDONING A RACE

Athletes who wish/need to retire from a race must report to the finish as soon as possible and hand over to the finish staff their competition maps.

### COMPLAINTS

Complaints may only be made by accredited team officials or competitors. Complaints should be handed in writing to the organizer at the event office as soon as possible after the incident in question or at the latest within 15 minutes of the publication of the full preliminary result for the class. Complaints received after this time limit will only be considered, if there are valid exceptional circumstances, which must be explained in the complaint. A complaint is adjudicated by the organizer. The complainant will be informed about the decision immediately.

Any protest against the complaint decision shall be presented in writing to the jury no later than 15 minutes after the organizer has informed the complainant of the decision about the complaint. A protest fee of 50 EUR must be paid to the IOF Senior Event Adviser in cash when making a protest. The fee will be returned if the protest is accepted by the jury. When a protest is signed by more than one Federation, each Federation will pay the protest fee.

### JURY

Members of the jury:	Reserve members:
<b>Jan Pecka – Czechia</b>	<b>Lars Beglinger – Switzerland</b>
<b>Jaanus Teppan – Estonia</b>	<b>Jarkko Urpalainen – Austria</b>

### EQUIPMENT CHANGE AREAS

There will be a place for equipment change at arena passing in Long distance. Team officials themselves can deposit equipment there. Undamaged ski change is not allowed in any of the distances. In case of very dirty snow before long distance competition, the team officials may agree that undamaged ski change is allowed on that distance.

### ANTI DOPING

Doping is strictly forbidden, and the organisers are dedicated to support the Anti-Doping authorities in their work. Doping controls may be carried out any time during the competition period in accordance with the procedures described in the WADA International Standard of testing. The IOF Anti-Doping Rules and the World Anti-Doping Code apply. Athletes who are selected for doping control must bring an official identification (with photo) to the doping test area. The athlete should also bring along their therapeutic use exemption (TUE) if applicable. In general, it is advisable that athletes bring along their ID to all competitions and events.

For more information and anti-doping documents, please consult: <https://orienteering.sport/iof/anti-doping/>

### HEALTH SERVICE

The organizers will co-ordinate health care services for the participants, but each federation is responsible for insurance for all their team members.

Health-care services will be provided at the arenas of the competitions. The phone number for emergency calls is 112.

### MEDIA

We welcome all media representatives. Media representatives can receive information using the e-mail address: [ski-o2026@abv.bg](mailto:ski-o2026@abv.bg)

Media centre will be located in Event Centre and Finish area.

Materials for media representatives are available in the Event Office. There is free access to Internet. At the arena, there is very poor mobile internet connection!
